

Keywords index

Biocompatibility	107	Methodology of research, analysis and modelling	107
Composites	97	Multifunctional and smart materials	97
Copper	103	Narrow implant	107
Denture attachment	107	Neural networks	69
Evaporation	103	Overall mass transfer coefficient	103
Extrusion Moulding	116	Powder Metallurgy	116
Foresight	69	Properties	103
Injection Moulding	116	Refining	103
Laser surface treatment	69	Scenario method	69
Load force	107	Scrap	103
Magnetic properties	97	Sintering	116
Materials	97	Steel	103
Materials manufacturing and processing	116	Tool materials	116
