

Keywords index

Analysis and modelling	37	Informative technologies	37
Biomaterials	5	Material products designing Materials	37 5-22
Complete denture	5	Metallic alloys	22, 29
Composites	14	Microstructure	29
Computational material science	37	Properties	29
Corrosion	22	Surface treatment	22
Denture attachment	5	Technological design	22
Education and research trends in materials science and engineering	37	Thermo analysis	29
Heuristic forecasting	5	Thin and thick coatings	22
Infiltration	14	Wettability	14
		Zn-Al alloy	29
